			Locate an authorized Volkswagen dealer to obtain more information about this recall  Learn more about this recall

**Description:** Takata has reported that the driver frontal airbag inflator could potentially rupture (due to propellant degradation occurring after long-term exposure to absolute high humidity and temperature cycling) if the vehicle is involved in a crash where the frontal airbags are designed to deploy. In the event of an inflator rupture, metal fragments could pass through the airbag cushion material, which may result in serious injury or death to vehicle occupants. Takata ha informado que el inflador de la bolsa de aire delantera del

pasajero puede romperse (debido a la degradacion del propelente luego de una exposicion prolongada a una elevada humedad absoluta y a los diferentes ciclos de temperatura) si el vehiculo se ve envuelto en un accidente que deberia provocar el despliegue de las bolsas de aire delanteras del pasajero. En caso de una ruptura del inflador, fragmentos de metal podrian atravesar el cojin de la bolsa de aire y provocar lesiones graves o la muerte a los ocupantes del vehiculo.

**Remedy:** To address this defect, your authorized Volkswagen dealer will perform an interim repair to replace the driver frontal airbag inflator with a newly manufactured version. Para abordar este defecto, su concesionario Volkswagen autorizado se encargara de realizar una reparacion provisoria para reemplazar el inflador de la bolsa de aire delantera del conductor por una nueva version.

### **First Owner**

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

## **Manufacturer Recall**

Automobile manufacturers issue recall notices to inform owners of car defects that have come to the manufacturer's attention. Recalls also suggest improvements that can be made to improve the safety of a particular vehicle. Most manufacturer recalls can be repaired at no cost to you.

#### **New Owner Reported**

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

#### **Ownership History**

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico.

Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

## Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
