06/22/2017		<p>Nissan North America Inc.</p>	<p>Manufacturer Service Campaign issued - Campaign #P7318 - TTN FNR XTR ACU MULTI TSB - Status: Remedy Available</p> <p>Locate an authorized Nissan dealer near you to obtain more information about this campaign</p> <p>- Learn more about this campaign</p>

Description: The current Air Bag Control Unit (ACU) rollover-sensing calibration logic could allow for unintended curtain air bag deployment in rare instances occurring under certain unique driving scenarios, usually involving unpaved roads or off-road where one side of the vehicle is higher than the other.

Failure to have the ACU reprogrammed in a timely manner could result in unintended rollover curtain air bag deployment. Customers should avoid driving off-road until the ACU software can be updated in their vehicle.

Remedy: Nissan is conducting a Voluntary Service Campaign to reprogram the ACU in 2004-2014 Titan, 2005-2014 Frontier, and 2005-2014 Xterra vehicles. Nissan authorized dealers will reprogram the ACU with updated software. The ACU reprogramming will improve rollover-sensing calibration to address certain unique driving scenarios, and help prevent unintended rollover curtain air bag deployment, while maintaining the design intent for deployment in rollover crashes. This

service, which is conducted at no charge to you for parts and labor, should take approximately two (2) hours to complete. However, your Nissan dealer may require your vehicle for a longer period of time based upon their work schedule.

**Glossary****Accident Indicator**

CARFAX receives information about accidents in all 50 states, the District of Columbia and Canada.

Not every accident is reported to CARFAX. As details about the accident become available, those additional details are added to the CARFAX Vehicle History Report. CARFAX recommends that you have this vehicle inspected by a qualified mechanic.

- According to the National Safety Council, Injury Facts, 2015 edition, 8% of the 254 million registered vehicles in the U.S. were involved in an accident in 2013. Over 74% of these were considered minor or moderate.
- This CARFAX Vehicle History Report is based only on information supplied to CARFAX and available as of 6/24/20 at 3:20:10 PM (CDT). Other information about this vehicle, including problems, may not have been reported to CARFAX. Use this report as one important tool, along with a vehicle inspection and test drive, to make a better decision about your next used car.

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

New Owner Reported

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers

sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.
