10/08/2013	Mazda Motor of America, Inc.	<b>Manufacturer Safety recall issued</b> - NHTSA #13V425000 - Recall #7013I - MAZDA6 DOOR LATCHES - Status: Remedy Available  Locate an authorized <a href="#">Mazda dealer</a> near you to schedule an appointment  - <a href="#">Learn more about this recall</a>	

**Description:** Mazda6 Door Latch Mounting Screws. The door latch mounting screws may become loose. If all three door latch mounting screws become loose and fall out, the door latch mechanism will not engage when the door is closed, and the door ajar warning light will illuminate.

If the warning light goes unnoticed and the vehicle is driven, the door might open while the vehicle is in motion, increasing the risk of accident or injury.

**Remedy:** The dealer will remove the door latch mounting screws on all doors, replace any missing screws, apply a thread locking adhesive, and re-tighten the screws, free of charge.

01/21/2014	Texas Motor Vehicle Dept. Eules, TX Title #05726141163151005	<b>Registration issued or renewed</b> - Loan or lien reported - Passed safety inspection - Registration updated when owner moved the vehicle to a new location - Vehicle color noted as Silver
04/30/2014	Mazda Motor of America, Inc.	<b>Manufacturer Safety recall issued</b> - NHTSA #14V114000 - Recall #7214C - MAZDA6 FUEL TANK - Status: Remedy Available  Locate an authorized <a href="#">Mazda dealer</a> near you to schedule an appointment - <a href="#">Learn more about this recall</a>

**Description:** Mazda6 Fuel Tank. Spiders may weave a web in the evaporative canister vent hose, blocking it and causing the fuel tank to have an excessive amount of negative pressure.

Negative pressure could cause the fuel tank to crack, resulting in a fuel leak, increasing the risk of a fire.

**Remedy:** Dealers will reprogram the Power Control Module (PCM), and inspect and clean the canister vent line. If a web was found in the line, the fuel tank and check valve on the canister ventline will be replaced. These repairs will be made free of charge.

## Glossary

### Accident Indicator

CARFAX receives information about accidents in all 50 states, the District of Columbia and Canada.

Not every accident is reported to CARFAX. As details about the accident become available, those additional details are added to the CARFAX Vehicle History Report. CARFAX recommends that you have this vehicle inspected by a qualified mechanic.

- According to the National Safety Council, Injury Facts, 2015 edition, 8% of the 254 million registered vehicles in the U.S. were involved in an accident in 2013. Over 74% of these were considered minor or moderate.
- This CARFAX Vehicle History Report is based only on information supplied to CARFAX and available as of 10/30/20 at 1:41:32 PM (CDT). Other information about this vehicle, including problems, may not have been reported to CARFAX. Use this report as one important tool, along with a vehicle inspection and test drive, to make a better decision about your next used car.

### Damage Indicator

Damage can be a result of many different types of events. Examples include contact with objects (other cars, trees, traffic signs, road debris, etc), vandalism, or weather-related events. Not every damage event is reported to CARFAX. As details about the damage event become available, those additional details are added to the CARFAX Vehicle History Report. CARFAX recommends that you have this vehicle inspected by a qualified mechanic.

- This CARFAX Vehicle History Report is based only on information supplied to CARFAX and available as of 10/30/20 at 1:41:32 PM (CDT). Other information about this vehicle, including problems, may not have been reported to CARFAX. Use this report as one important tool, along with a vehicle inspection and test drive, to make a better decision about your next used car.

### First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

### Manufacturer Recall

Automobile manufacturers issue recall notices to inform owners of car defects that have come to the manufacturer's attention. Recalls also suggest improvements that can be made to improve the safety of a particular vehicle. Most manufacturer recalls can be repaired at no cost to you.

### New Owner Reported

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

### Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled

solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

**Title Issued**

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.

**Total Loss Vehicle**

An insurance or fleet company declares a vehicle a total loss when a claim exceeds approximately 75% of its pre-damage value or if the vehicle is stolen and not recovered. This damage threshold varies by company. These companies typically take possession and obtain the title. Not all total loss vehicles result in a DMV-reported branded title. This may occur when an insurance company's definition of a total loss is different than the state DMV's definition for a branded title or when the owner of the vehicle is a self-insured company, like a fleet or rental company.
