- [Learn more about this recall](#)

**Description:** Mercedes-Benz AG ("MBAG"), the manufacturer of Mercedes-Benz vehicles, has determined that on certain Model Year ("MY") 01-11 C-Class (203 platform), CLK-Class (209 platform), E-Class (211 platform) and CLS-Class (219 platform) vehicles, the bonding between the glass panel and the sliding roof frame might not meet specifications. In this case, the adhesion of the bonding could deteriorate gradually over time. If the bonding adhesion were to deteriorate, the durability requirements might not be met which could lead to a separation of the glass panel from the vehicle. A displaced panel could increase the risk of a potential crash or injury for other road users.

In this case, the adhesion of the bonding could deteriorate gradually over time. If the bonding adhesion were to deteriorate, the durability requirements might not be met which could lead to a separation of the glass panel from the vehicle. A displaced panel could increase the risk of a potential crash or injury for other road users.

**Remedy:** MBUSA will conduct a voluntary recall. An authorized Mercedes-Benz dealer will check the glass panel bonding on the affected vehicles and replace the sliding roof, as necessary.

## Glossary

### Federal Odometer Act

The Federal Odometer Act requires a seller to disclose the vehicle's mileage on the title when ownership is transferred. Congress enacted this Act to prohibit odometer tampering and to protect consumers from mileage fraud. Under this act, sellers must disclose any issues with the vehicle's odometer. These disclosures translate into the Exceed Mechanical Limits and Not Actual Mileage titles.

### First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

### Manufacturer Recall

Automobile manufacturers issue recall notices to inform owners of car defects that have come to the manufacturer's attention. Recalls also suggest improvements that can be made to improve the safety of a particular vehicle. Most manufacturer recalls can be repaired at no cost to you.

### New Owner Reported

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

### Not Actual Mileage Title

When the seller certifies, under the Federal Odometer Act, that the odometer reading does not reflect the vehicle's actual mileage. This may occur because the odometer was tampered with, broken, or replaced.

### Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

### Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
