| <p>Description: Over time, a build up of silicate on the shift lever micro switch contacts can result in an isolation like layer that may be interpreted as an open micro switch. This open switch normally indicates that the shift lever is in P park position. If the build up happens, it may be possible to remove the key from the ignition switch without the shift lever being in the P park position because the system is unable to recognize that the vehicle is not in P park. This makes the vehicle noncompliant with FMVSS 114 Theft protection and rollaway prevention. If the ignition key is removed without the shift lever being in P Park position, there is a risk that the vehicle may roll away, resulting in a crash that could injure people and damage property.</p> <p>Remedy: Install an additional switch and circuit board.</p> | | | |

Glossary

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Manufacturer Recall

Automobile manufacturers issue recall notices to inform vehicle owners of a safety defect or failure to meet minimum federal safety or emissions standards. Manufacturer recalls are repaired at no cost to the customer.

New Owner Reported

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
